Description

Armani Emporio In Love With You Freeze is a Floral Fruity fragrance for Women.

If only the beautiful moment of being in love could be frozen in time! Armani Emporio In Love with You Freeze Eau de Parfum for women will make your dreams come true. From now on, you'll be experiencing love and excitement not only with your mind, but also your senses.

The delicious opening notes of cherry will be like a gentle caress, soon replaced by the gentle and delectable aroma of peony – a quintessentially feminine ingredient. This seductive Eau de Parfum will then keep delighting you for a long time thanks to elegant notes of white musk and patchouli.

Giorgio Armani himself believes that we should live for the present moment, because it's always the happiest one. This idea is embodied in the In Love with You Freeze which allows you to experience the elated state of being in love every day with the same force. It's a fragrance which celebrates life, especially the life of lovers. This is why it was introduced along with an Eau de Toilette for men to form a strong and irresistible pair.
